Dear Madam,

Mr Hasenkopf is preparing an estimation of costs. This includes all costs for your child. We shall try to organize that you get a mother and child unit. Then for yourself there should be food and accommodation supplied, without extra costs. Does this answer your questions?

The earliest possible date for hospital admission would be the 30th of April 2008. Please let me know, if you want this date, since we are pretty much booked out.

Sincerely yours

A.Eicken
